

TRAINING OPPORTUNITY:

Let's Take It Outside: Developing Natural Play Spaces

Join Children's Investment Fund for a one-day training that provides an overview of safe, healthy, and developmentally-appropriate natural play spaces for children.

Training content includes:

- Discussion of free play and active learning, health benefits, and nationally-recognized standards
- Ways to use natural play spaces for active, creative play and learning
- Overview of key design elements
- Practical information on the design process, costs, and fundraising

The training is intended for non-profit early education and/or out-of-school time organizations that are in the preliminary planning phase of renovating or creating a new outdoor play space. **Priority will be given to organizations that serve low-income children.**

**Wednesday, June 12,
2019**

9:30am—4:30pm

Boston Nature Center
500 Walk Hill Street
Mattapan, MA 02126

Registration fee \$25 per individual; includes lunch. *Please note that registration fees are non-refundable.*

Participants who complete the full day training will receive a certificate for 5 professional development hours for EEC Core Competency Area 7 (Program planning and development).

To register, visit cedac.org/cif/training/lets-take-it-outside/
